Crtc2−adenosine_vs_control−adenosine − GSEA GO:BP
regulation of chromosome separation
regulation of mitotic sister chromatid separation
chromosome separation
metaphase/anaphase transition of mitotic cell cycle
regulation of metaphase/anaphase transition of cell cycle
metaphase/anaphase transition of cell cycle
regulation of chromosome segregation
spindle organization
regulation of sister chromatid segregation
mitotic sister chromatid segregation
sister chromatid segregation
mitotic nuclear division
microtubule cytoskeleton organization involved in mitosis
nuclear chromosome segregation
nuclear division
regulation of chromosome organization
chromosome segregation
organelle fission
chromosome organization
regulation of immune effector process
