Crtc2−TNF_vs_control−TNF − GSEA KEGG
Asthma
Pyruvate metabolism
Fatty acid metabolism
Biosynthesis of unsaturated fatty acids
Fatty acid elongation
N−Glycan biosynthesis
Apoptosis
RIG−I−like receptor signaling pathway
Carbon metabolism
MicroRNAs in cancer
Staphylococcus aureus infection
Ubiquitin mediated proteolysis
Protein processing in endoplasmic reticulum
Necroptosis
TNF signaling pathway
NF−kappa B signaling pathway
Viral carcinogenesis
Pathways in cancer
NOD−like receptor signaling pathway
Rap1 signaling pathway
