Crtc2−PGE2_vs_control−PGE2 − KEGG (ALL)
Pathways in cancer
MAPK signaling pathway
Cytokine−cytokine receptor interaction
Rap1 signaling pathway
Efferocytosis
Chemokine signaling pathway
Cytoskeleton in muscle cells
Calcium signaling pathway
C−type lectin receptor signaling pathway
TNF signaling pathway
Coronavirus disease
Cell adhesion molecule (CAM) interaction
Viral protein interaction with cytokine and cytokine receptor
Hematopoietic cell lineage
Neuroactive ligand−receptor interaction
Dilated cardiomyopathy
Inflammatory bowel disease
Complement and coagulation cascades
Malaria
African trypanosomiasis
