control−PGE2_vs_control−un − GSEA GO:BP
chromosome separation
mitotic sister chromatid segregation
meiotic cell cycle
regulation of chromosome segregation
meiotic cell cycle process
DNA replication
sister chromatid segregation
meiotic nuclear division
mitotic spindle organization
nuclear chromosome segregation
mitotic nuclear division
microtubule cytoskeleton organization involved in mitosis
spindle assembly
chromosome segregation
nuclear division
spindle organization
cell cycle checkpoint signaling
organelle fission
regulation of chromosome organization
chromosome organization
