Crtc2−un_vs_control−un − GO:BP (ALL)
G protein−coupled receptor signaling pathway
response to bacterium
vasculature development
regulation of leukocyte activation
T cell activation
blood vessel morphogenesis
regulation of cell−cell adhesion
positive regulation of cell adhesion
adaptive immune response
leukocyte migration
chemotaxis
taxis
leukocyte cell−cell adhesion
leukocyte proliferation
mononuclear cell proliferation
lymphocyte proliferation
cell chemotaxis
regulation of leukocyte migration
myeloid leukocyte migration
leukocyte chemotaxis
