control−PGE2_vs_control−un − GO:CC (ALL)
side of membrane
external side of plasma membrane
chromosomal region
condensed chromosome
plasma membrane protein complex
chromosome, centromeric region
receptor complex
external encapsulating structure
extracellular matrix
condensed chromosome, centromeric region
nuclear chromosome
kinetochore
mitotic spindle
plasma membrane signaling receptor complex
replication fork
outer kinetochore
collagen trimer
inner kinetochore
CMG complex
DNA replication preinitiation complex
