Crtc2−PGE2_vs_control−PGE2 − GO:CC (UP)
polymeric cytoskeletal fiber
spindle
actin cytoskeleton
chromosomal region
microtubule
chromosome, centromeric region
condensed chromosome
neuron to neuron synapse
asymmetric synapse
postsynaptic density
condensed chromosome, centromeric region
midbody
kinetochore
spindle pole
mitotic spindle
microtubule associated complex
cluster of actin−based cell projections
cell division site
outer kinetochore
spindle midzone
