Crtc2−PGE2_vs_control−PGE2 − KEGG (ALL)
Pathways in cancer
MAPK signaling pathway
Cytokine−cytokine receptor interaction
Rap1 signaling pathway
Cytoskeleton in muscle cells
Efferocytosis
Chemokine signaling pathway
Calcium signaling pathway
C−type lectin receptor signaling pathway
TNF signaling pathway
Integrin signaling
Cell adhesion molecule (CAM) interaction
Viral protein interaction with cytokine and cytokine receptor
Hematopoietic cell lineage
Dilated cardiomyopathy
Inflammatory bowel disease
Arrhythmogenic right ventricular cardiomyopathy
Complement and coagulation cascades
Malaria
African trypanosomiasis
