control−adenosine_vs_control−un − GO:CC (UP)
side of membrane
lytic vacuole
lysosome
cell leading edge
external side of plasma membrane
cell projection membrane
plasma membrane protein complex
distal axon
synaptic membrane
growth cone
external encapsulating structure
extracellular matrix
site of polarized growth
presynaptic membrane
MHC class Ib protein complex
MHC class I protein complex
lumenal side of endoplasmic reticulum membrane
MHC protein complex
lumenal side of membrane
endosome lumen
