Crtc2−TNF_vs_control−TNF − GO:MF (ALL)
transmembrane transporter activity
signaling receptor activity
molecular transducer activity
GTPase regulator activity
nucleoside−triphosphatase regulator activity
transmembrane signaling receptor activity
monoatomic ion transmembrane transporter activity
metal ion transmembrane transporter activity
cell adhesion molecule binding
secondary active transmembrane transporter activity
organic anion transmembrane transporter activity
cytokine receptor binding
G protein−coupled receptor activity
organic acid transmembrane transporter activity
carboxylic acid transmembrane transporter activity
immune receptor activity
modified amino acid binding
ligand−gated channel activity
ligand−gated monoatomic ion channel activity
monocarboxylic acid transmembrane transporter activity
