Crtc2−adenosine_vs_control−adenosine − KEGG (UP)
Pathways in cancer
MAPK signaling pathway
Cell cycle
Motor proteins
Rap1 signaling pathway
Progesterone−mediated oocyte maturation
Oocyte meiosis
Calcium signaling pathway
Oxytocin signaling pathway
Cytokine−cytokine receptor interaction
C−type lectin receptor signaling pathway
Aldosterone synthesis and secretion
Cholinergic synapse
Choline metabolism in cancer
Circadian entrainment
GnRH signaling pathway
Gastric acid secretion
Melanogenesis
Viral protein interaction with cytokine and cytokine receptor
African trypanosomiasis
