control−PGE2_vs_control−un − GSEA GO:BP
chromosome separation
mitotic sister chromatid segregation
meiotic cell cycle process
regulation of chromosome segregation
meiotic nuclear division
metaphase/anaphase transition of mitotic cell cycle
mitotic spindle organization
sister chromatid segregation
mitotic nuclear division
meiotic cell cycle
nuclear chromosome segregation
microtubule cytoskeleton organization involved in mitosis
nuclear division
chromosome segregation
spindle assembly
spindle organization
organelle fission
cell cycle checkpoint signaling
regulation of chromosome organization
chromosome organization
