control−adenosine_vs_control−un − GO:CC (UP)
cell surface
extracellular space
lytic vacuole
lysosome
side of membrane
axon
external side of plasma membrane
plasma membrane protein complex
cell leading edge
lysosomal membrane
lytic vacuole membrane
external encapsulating structure
extracellular matrix
endocytic vesicle membrane
sarcolemma
MHC class Ib protein complex
MHC class I protein complex
lumenal side of endoplasmic reticulum membrane
MHC protein complex
lumenal side of membrane
